

# Donors

We thank the companies listed below for their support in the form of sponsorships, which significantly help us to realize our projects. Thank you also to our other sponsors who for whatever reason prefer to remain anonymous.

**MS architekti, s.r.o.** has spent more than 15 years creating environments corresponding to their clients' individual needs, designing impressive spaces marked by uniqueness and originality. Whether hotel, villa, or production hall, it can - and thus must - be architecture. MS architekti, s.r.o., is a member of MSG holding, a.s.

**MS development, s.r.o.** is a company focused on construction engineering activities. It is currently preparing the construction of a new residential and business district in Lysá nad Labem.

**MSG holding, a.s.** was founded in 1991. The company's area of activities includes construction engineering, construction advisory services, project preparation, the construction of residential and public service buildings, and organizational and economic advisory services.

If you would like to sponsor our projects, please contact Martin Csurilla at [csurilla@envi-a.org](mailto:csurilla@envi-a.org).

Thank you
